Dunking Pool, Pets Stap In Festival

DAN LONG awaits dunking in a cold pool of water.

DAVID BOUTWELL with an unusual pet.

ONE OF THE better dressed pets shown by Sarah Youngblood

116
With F.M.L.

The poor and envious ask: "Have you ever gone hungry?"

And the more fortunate or gifted ask: "Have you ever gone lonely?"

If you have known both, you prefer hunger.

116-116-116

THIS TRIP AROUND

One of these days, I am going to do a column on haters, the disenchanted, anti-hero, sullen, bitter, cynical types whose specialty is rationalizing what they see and hear into the twisted wreckage of what they describe.

If you wonder what this type looks like, it is going to be an essay quite similar to "The Picture of Dorian Gray" which revealed the decay of time on a face once transfixed by some deal with the netherworld.

I have listened at times to the charges and counter charges of this rot, within churches, schools, houses, government, and wherever people "stoop to conquer" until the bullet melts in my mouth. There's nothing to bite.

Nothing of late stirs this comment. But its apparition re-occurs at times from the years of looking at the silly dismay and childlike distemper of the argument lost.

What is said is seldom remembered. But the style lingers in unmistakeable melancholy. Not for those attacked. But for those who feel left out, misspent and denied, blaming the world, of course.

My column will not be flattering. It will, in fact, resemble people we see everyday, hear everyday, and dread everyday.

We talk of heaven and hell. Well, the column I contemplate will describe experts in creating theirs here, reveling in ignorance, wallowing in lack of confidence and self-pity, fanning fires they hope will never go out, hiding in group "think."

It will smoke and flame and belch with heavenly pompositv and hellacious mendacity which only the accomplished haters achieve on this trip around.

Large Crowds Attend Bicentennial Festival

By Kenneth Waites

The festival got through the day last Saturday without anyone getting wet, except for those sitting on the "dunking stool," who were thoroughly soaked.

There was a real good turnout Saturday afternoon and even a larger one that night for the street dance.

The various 4-H Clubs in Milam County all had booths of some kind for the public to participate in.

One of the most popular booths was the "dunking stool." Some of the other booths were the baseball throw, fish pond, bake sale, ice-cream sales, spinning wheel, hanging baskets, flower sales, cake walk, and others.

Some of the other activities to participate in were the 4-H pet show, open pet show, petroleum power (parts and identification), baked foods, home environment, clothes, arts and crafts, woodworking and eletricity, horticulture, field crops, gun safety, entomology, and rock collections.

There were also barbeque and sausage sandwiches served, which was made by Rudy Mikeska, of Taylor.

The Rhein Steins furnished the music for the street dance and everyone seemed to enjoy the music very much. Almost everyone stayed around to hear the last song.

Milam County 4-H would like to extend their thanks to each and everyone for their backing and help for making this festival a successful one and hope that we may continue this activity in the future.

Service Held For Mrs. Rech, Who Was 105

One of Cameron's oldest inhabitants died Sunday afternoon in a local hospital. She was Mrs. Nellie C. Rech, who was 105.

She was born March 13, 1870 in Wyndotte County, Kansas and had lived in Cameron for the past 14 years. She was a member of the First Presbyterian Church.

Funeral for Mrs. Rech was held at 10 a.m. Tuesday at the Marrs-Jones Funeral Home in Smithville, with the Rev. Russell Nees officiating. Burial was in Oak Hill Cemetery in Smithville.

Surviving are two sons, Edwin G. Rech of Houston and Frank Rech of Smithville; one daughter, Mrs. George McGehee of Cameron; and five grandchildren.

Murder Charge Filed

A Rockdale man has been charged with murder in the July 24 death of a Rockdale woman which was first reported to be an apparent suicide.

Frank McKee was charged with murder Saturday in Justice of the Peace Jess Brock's court and was released on $10,000 bond.

The death was that of Mrs. Janis Darlyn Debose, 29, of Rockdale, who was dead on arrival at Richard Memorial Hospital in Rockdale July 24 after a shooting incident in her mobile home.

Milam County Sheriff Carl Black said a polygraph (lie detector) test was administered to the suspect in Austin and the charge of murder evolved from results of the test.

Sheriff Black said McKee was in the mobile home at the time of the shooting, and told officers that Mrs. Debose locked herself in the bathroom. Shortly afterward a shot was heard and she was found with a single wound in the chest from a .22 calibre pistol.

Also in the home at the time were the woman's brother, Rodney Craig Mitchell, her two children, Bobby Jr., and Elaine. They were in the opposite end of the mobile home from the bath, Black said.

Lone Star Gas Asks Rate Hike

Inflation reared its head again for the city as Lone Star Gas asked for a rate increase and Tommy's Taxi asked for a fare increase, both at Tuesday's city council meeting.

Councilmen also granted a request for funds for Christmas decorations and tabled bids for a new front-end loader. The subject of building permits also came in for discussion.

Grady Allen, Lone Star local manager, said natural gas costs have gone up and the company is asking for a 12 percent rate increase to let the company stay even on its revenues. Allen said the rate hike would mean an increase to the average bill of $1.19 a month.

Allen's request will be studied and the request was tabled until the next council meeting.

Tommy Bass, taxi company owner, asked for a 10-cent increase in fares, which would be from 55 cents to 65 cents for a callwithin the city limits. Council granted the request.

Members of the Chamber of Commerce Christmas decorations committee, Mrs. Leo Fuchs and Mrs. Barbara Smitherman, showed council a suggested Christmas tree ornament to go on light standards. They asked for $2,388 to purchase 24 of the decorations for a number of city streets.

Request was approved and funds will be designated in the new city budget. Council also discussed storage of decorations and Miss Mildred Thornton suggested building an extension to the city barn.

Bids for a new front-end loader ranged from $25,850 to$42,775. The bids will be studied by a committee including Lawrence Zotz, Ernest Moore, and Walter Wallace, with the mayor meeting with them.

In other business council:

--Approved appointment of Thomas Harwell as assistant fire chief;

--Authorized a permit for a mobile home at 1511 West 10;

--Authorized purchase of standard policemen's flashlights for the city force;

--Authorized police to issue citations for parking in alleys except for loading and unloading.

B'holts Students Start Fall Term On August 18

Buckholts students will start the fall term at 8:30 a.m. August 18, according to School Supt. Leon Brady. Two teacher in-service days will be August 14 and 15.

Buses will run at the regular time on the first day of school and students will register on the first day.

Brady said anticipated enrollment is 130 students.

An administrative office, teacher's workroom, and special education room have been summer remodeling projects. The gym floor has been refinished and the football bleachers have been renovated.

An additional teacher has been added in grades K-2. The high school has also received an additional teacher.

The school is going into a second year pilot program conducted by the Accreditation Division of the Texas Education Agency. Ben Branch will serve as contact person. The program is conducted for the purpose of establishing the educational needs of the children of the Buckholts ISD for the next five years.

Brady said this is an 18-month maximum process which will involve all of the people in the school district, including the students.

School Tax Goes Up In Buckholts

The Buckholts school board met in special session July 31 and increased school tax to $1.45 per $100 valuation. This is a 25-cent increase in the rate. Local maintenance is set at $1.35 and 10 cents for bond service.

The increase in rate was brought on by additional personnel requirements--two teachers and a school secretary and a decrease in federal Title I funds, School Supt. Leon Brady said.

Capital improvements made this summer include sanding and refinishing the gym floor, bleacher repair, tiling restrooms, remodeling and providing additional work areas.

Man, Pony Stabbed In Weekend Violence

City police and the sheriff's department reported two stabbings, one of a Cameron man on Friday night and the other of a pony Saturday night.

Bond was set in both cases and suspects were released on bond.

William Tucker of 1001 N. Crockett in Cameron was charged with aggravated assault in Justice of the Peace Jess Brock's court following the stabbing of Billy Taylor, also of Cameron, Friday night at the Friendly Tavern on S. Travis St.

Taylor was taken to Newton Memorial Hospital in Cameron and then transferred to Scott and White in Temple where he was placed in intensive care.

Bond for Tucker was set by Brock at $1,000 and he was released after posting bond Saturday morning.

In the other incident, Ray Johnson, 21, of Temple, was charged with malicious mischief and breaking and entering following his arrest by city police Saturday night.

Johnson reportedly stabbed a pony to death that belonged to Vito Riola. That incident occured on Crockett Street.

Johnson was also charged with breaking and entering after police found a briefcase in his car belonging to County Atty. Charles Smith. Upon investigation, a back window in the Smith office was found forced where entry was gained.

Bond was set at $5,000 for each charge and Johnson was released on bond Sunday.

Being Liberal To Conserve...

The Czech culture is a viable element of post-Civil War Texas.

And introduction of Czech 1712 in extension courses here for Temple Junior College is timely. A considerable percentage of Cen-Texans are of Czech derivation.

We understand the idea is to encourage understanding of this Czech contribution and not just to look back.

It is important that people know more of what they are toward assimilation into the stream of American culture, rather than serving justification for continued separation.

Too long has pride in background been a shelter rather than a springboard into the future, among all the minorities of this country.

The Czech language and culture is indigenous to Central Europe and to Central Texas. But so are German, Swiss, French, Italian, and Spanish. That is the point of Folk-Life Festivals, Folk Fetes, and the like.

Rogers High School had the only Czech language courses in the U. S. for a number of years. And this unique offering is advanced through Temple Junior College. By the nature of Milam area peoples, it has a place in TJC extension courses here.

If our education and religious institutions fail to allow broader views of an expanding universe, there is little hope for conserving the continuity of a successful Western civilization.

$1.34 Billion Reasons...

The disappearance of former Teamster President James R. Hoffa is likely the work of professionals, somehow relating to the penetration of the Teamster Union organization by "crime figures," the description of FBI officials.

The fiery Hoffa, himself convicted of jury tampering, had begun a drive to reclaim the presidency of the nation's most powerful, the wealthiest union.

U. S. attorneys also are investigating the Teamsters' $1.34-billion pension fund, accessible to "many crime figures."

The combination of Hoffa's desire to regain Teamster leadership at the expense of organized crime may have put Hoffa in a cement overcoat or a lime-filled grave somewhere in the Midwest.

The chances of his being ransomed back to safety are indeed slim.

Some very heavy types could give $1.34 billion reasons why.

"Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

SOLZHENITSYN HOSTED BY AFL-CIO MEANY

Rep. Edward J. Derwinski (Ill.)". . .By extending an invitation to host the visit of Russian author, Aleksandr Solzhenitsyn, AFL-CIO President George Meany has, in my judgement, performed a great service. . .Mr. Solzhenitsyn's address appeared in the weekly newlsetter of the Illinois State AFL-CIO. . .I believe the Members will be especially interested in reading this commentary which express Aleksandr Solznenitsyn's viewpoints in light of current developments." (excerpts follow):

American and other Western democracies, apparently blinded to the true goals of worldwide communism, will pay a heavy price if they do not soon abandon their present policy of detente with the USSR, Soviet dissident Aleksandr Solzhenitsyn warned at an AFL-CIO banquet honoring the exiled Russian novelist.

Speaking bluntly with his audience of 2,500 labor leaders and government officials including two Cabinet members of the Ford administration, the Nobel leaureate declared that "the Soviet Union has used detente in its own interests, is using it now and will continue to use it in its own interests."

Nothing has changed in Communist ideology, Solzenitsyn said. The goals are the same as they have been since Bolsheviks rose to power in the Revolution of 1917-20; the subjugation of peoples everywhere, he charged.

"We already hear voices in your country and in the West--'give up Korea and we will live quietly. Give up Portugal, of course, give up Japan; give up Isreal; give up Taiwan, the Philippines, Malaysia, give up 10 more African countries;just let us live in peace and quiet.'

"Just let us drive our big cars on our splendid highways; just let up play tennis and golf in peace and quiet; just let us mix our cocktails in peace and quiet. These are the voices of people who do not understand the true nature of communism, Solzhenitsyn declared.

AFL-CIO President George Meany, who had invited the noted author to make a Federation-Sponsored lecture tour of the U.S. shortly after his deportation introduced Solzhenitsyn as "the single figure who has raised highest the flame of liberty.

****

CRUMP'S GRASS ROOTS COMMENT

Communism: A system of social organization in which all economic activity is conducted by a totalitarian state dominated by a single and self-perpetuating political party. We though this reminder might be in order.

A cat dreams all night long of a sheep's tail.

OLD PHILOSOPHER

Dear editor:

Never having mastered the old math, I can't tell you anything about the New Math, but I was interested in an article I read the other day about the subject.

According to it, a generation of kids has grown up on the New Math and as a result they understand how math works but they can't figure up what a grocery bill comes to at the checkout counter and what's worse, can't even balance a checkbook.

"What's to become of these kids?" the writer of the article moaned.

Obviously he can't see very far. There are thousands and thousands of jobs in Washington for people who can't balance figures. If you want to get thrown out of work, out of office, and out of town, go to Washington with the idea of balancing the budget. These kids have been superbly trained.

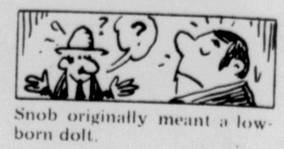
Changing the subject, I see that the Russians are buying some more American grain. Will you have The Herald news bureau chief in Washington ask somebody up there if the Russians ever paid for the grain they bought two years ago? You know, the 17 million tons they bought at a ridiculously low price with money we loaned them? I don't know why the New York Times' Washington correspondent or NBC or CBS or somebody has never thought of asking the question. It'd be the first thing a Cameron banker would ask.

Of course, we want to handle this with the utmost delicacy; can't afford to interfere with detente. You question Russia's credit rating too closely and no telling how mad you'll make Dr. Kissinger.

Speaking of detente, I'm not sure what it is exactly but whatever it is it looks like we're giving a lot more of it to the Russians than they are to us.

By the way, in case The Herald doesn't have a correspondent in Washington, that's all right, Washington doesn't have a correspondent in Cameron either.

Yours faithfully,
J. A.



Snob originally meant a low-born dolt.

State Board To Examine Insurance Rates

First state-regulated malpractice insurance rates in more than 20 years were approved by the State Insurance Board last week.

Rates cover doctors, dentists and hospital professional liability insurance rates.

The Board approved 11 company groups' filings and rejected requests from the Argonaut Group for hospital liability coverage.

Basic annual rates approved are for $25,000/$75,000 units of liability. Board statisticians estimated that $100,000/$300,000 limits for doctors will cost about 50 per cent more and about 40 per cent more for hospitals.

Rates range from $140 a year for a non-surgical physician in Travis County to $1,032 for a non-surgical physician in Harris County, and from $5,416 a year for an orthopedic surgeon in Travis County to $8,256 for an orthopedic surgeon in Harris County.

"These rate approvals offer a responsible step toward alleviating the medical malpractice insurance crisis that was getting a toehold in Texas," State Insurance Board Chairman Joe Chrisite said.

TSTI Sets Increased Budgets

AMARILLO — A budget for the next fiscal year of $19,518,948 was approved by the board of regents of Texas State Technical Institute.

The budget represents an increase of about $2.6 million over the 1974-75 budget of $16,920,582. The $19.5 million figure is for all four campuses.

The James Connally Campus in Waco is budgeted $10,208,190 million for the upcoming year. This figure represents over $603,000 more than the campus was budgeted in 1974-75.

State Tech President Dr. Maurice Roney was authorized by the board to name an architectural firm to develop specifications for classrooms and laboratories to replace a building on the James Connally Campus whichburned in October of 1974.

The Legislature recently provided $748,000 for replacement of the building.

The board approved educational specifications drawn up by the staff which would allow for three structures housing the classrooms.

FARM and CITY

County Agent Notes...

Twin Seeded Sorghum Tops

By Bill McCutchen

An experimental twin-seeded grain sorghum being developed by Dr. Fred Miller of the Texas A&M Experiment Station was the top yielder in a grain sorghum variety test on the Frank Kratochvil farm recently.

This sorghum is being developed and should be released to commercial grain sorghum breeding companies soon and may well be on the market in the next two to three years, depending upon the speed of hybridization, and incorporating other desirable traits.

The twin-seeded grain sorghum has two seeds instead of one in each glume. The seeds are somewhat smaller than most sorghum varieties but potentials for yield increases of 20% or more are these.

The A&M Twin-Seeded variety produced 4472 pounds per acre; Co-op 4068; Excel 811a-4017; DeKalb D 44A-3716; ORO DR-3678; Dekalb D42-3560; Warner 839-3364; TEY 101-3210; NK 27OA-2970; ACCO DR1095-2958; Excell 433-2852; McNair 550-2835; NK 262-2667; and TE Hondo-2486.

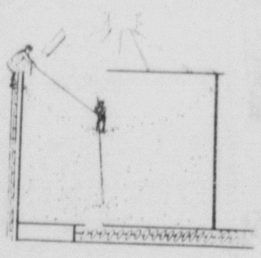
Screwworms Still A Problem

Texas Animal Health officials say that the threat of further screwworm outbreaks in Milam County is still great. Robertson County has had and is still having numerous outbreaks of these pests and officials warn of a big danger to Milam County producers.

Check your livestock often, particularly newborn calves, and send any larvae samples to the Mission laboratory for positivie identification.

SAFETY CORNER

USE LIFE LINE



Grain flowing to an unloader or a collapsing pocket of bridged grain can pull you down under the grain surface faster than quicksand. Always shut off unloader before stepping on grain surface. Secure a rope around your body just below armpits before entering to break bridging. Be sure person holding the life line is strong enough to give support

Slow Cooling Best For Beef Carcass

FORT COLLINS, Colo. Texas Agricultural Experiment Station meat scientists have found that delaying the usual quick-chilling after slaughter can have a tenderizing effect on beef carcasses.

Dr. T. R. Dutson, TAES researcher and a member of the Texas A&M University Animal Science Department, says modern cooling systems might be so fast and efficient that muscle fibers tend to contract and cause a condition known as cold-shortening. The result can be toughter meat.

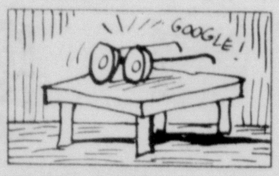
Postmortem carcass temperature and its relation to beef tenderness was described by Dutson during the 67th annual meeting of the American Society of Animal Science July 28-30 at Colorado State University.

He said the Experiment Station project involved carcasses from 53 beef animals. One side of each carcass was kept at an elevated temperature for 12 hours after slaughter, then hung in a near-freezing cooler.

The other halves were placed in the near-freezing cooler one hours after slaughter.

Dutson said that in all cases, delayed chilling resulted in more favorable connective tissue tenderness and overall tenderness.

These date indicate that carcass temperature in the first 12 hours after slaughter is important in determining muscle tenderness. Such tenderness increases are probably caused by a combination of a reduction in cold shortening and an increase in enzyme activity, he explained.



Goggles are believed to derive their name from the old English term for squinting.

TEACHER HONORED - Cornelius Titsworth of Cameron, right, is presented his 25 year tenure pin by Albert Timmerman Jr. of Rockdale, president of the Vocational Agriculture Teachers Association of Texas. The award was presented during the annual awards program at Houston for his outstanding service to vocational agriculture in Texas.

Watch Moisture Level Of Grain For Safe Storage

Watching moisture content of grain crops as well as taking simple precautions can insure safe storage after harvesting, according to an agricultural engineer for the Texas Agricultural Extension Service.

Dr. Bill R. Stewart points out that an aeration system for grain cooling and moisture control is needed if the grain is stored more than two to three months.

"Harvesting efficiency can be improved significantly with some crops by harvesting at moisture contents of 18 percent or above. When grain is harvested at a moisture content higher than that recommended for safe storage, mechanical drying must be done," notes the Texas A&M University System specialist.

Moisture contents for safe storage vary with crops. Stewart suggests these moisture percentages for efficient storage: corn, 13; flax, 8; rice, 12.5; sorghum, 12-14; soybeans, 11-12; sunflowers, 8; and wheat, 12-14.

"The higher the grain temperature and moisture content, the quicker the grain must be dried to prevent mold," Stewart points out.

"For example, when grain is at 90 degrees F. and has a moisture content of 18 percent, the moisture content must be reduced to 15 percent within about six-to-eight days. If the temperature is reduced to 15 percent within days. If the temperature is reduced to 70 degrees F., the allowable time to reduce moisture is about 30 days. Of course, in this example it is assumed that grain is being aerated during this period."

According to Stewart, aeration svstems for cooling grain and controlling moisture migration within the grain should supply one-tenth cubic foot per minute (cfm) of air flow per bushel.

"Fans must be designed to provide this flow rate against the pressures developed in pushing air through the grain. If unheated air drying is carried out in the bin, an air flow rate of three-and-a-half to four cfm per bushel is required," contends the engineer.

Stewart cautions that for certain crops designed for the human food industry, drying with heated air dryers may result in severe loss in grade and potential income as well as a loss in germination if the grain is to be used for planting.

"Grain temperatures should not exceed 110-120 degrees F. if germaniation is planned. Temperatures above this level should be allowed with extreme caution, particularly for food grains," adds Stewart.

He also suggests some simple precautionary measures before storing crops.

Checking potential sources of water leaks into bins and sealing them with a good non-drying caulking compound is important. Also make sure air vents are protected from blowing rain.

"Where rust spots exist on galvanized bin surfaces, clean the surface with a wire brush and apply a good quality zinc or rust inhibiting paint," advises Stewart.

"Also plan for alternatives in your harvest and storage operation in case emergency drying or protection against insects is needed."

Sorghum Situation Uncertain

Although the sorghum harvest is making good progress over South Texas and harvesting is expected to start in Central areas soon, the price outlook for the crop is still uncertain.

"We expect sorghu m prices to remain under the pressure of large feedgrain crop prospects for much of the summer," says Roland Smith, grain marketing specialist for the Texas Agricultural Extension Service. "However, rumors of pending large foreign purchases may be sufficient to override the negative price effect of the large crop. Unless substantial purchases do occur, we would expect Central Texas prices to average near $3.60 per hundredweight in late July and August. Sorghum prices in the Panhandle could range from $3.95 to $4.20 for the same period.

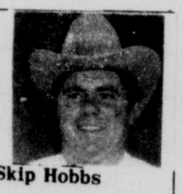
"Although the carryover from last year is expected to be small by this fall, the price thar farmers receive for their new crop of sorghum will hinge greatly on domestic and foreign demands," notes the Texas A&M University System specialist.

A large harvest is in prospect in the United States and in Texas where sorghum acreage is up considerably as many farmers switched from cotton. On July 1 the 1975 U. S. sorghum crop was projected to be between 860 and 900 million bushels while the corn crop was estimated at 6.05 billion bushels.

"Some increase in livestock feeding is boosting the domestic demand for sorghum, but this increase has been limited t o now. But, a big question mark for sorghum is the export situation," contends Smith.

"If Russia's feedgrain crop has suffered as much from dry weather as some people think, then exports to that country will certainly bolster the sorghum market. Also, poor weather has set back feedgrain crops in Argentina, a major exporting country."

TEXAS TALK



By Skip Hobbs

Cattlemen's crossed fingers have been in evidence lately as the market for fed cattle has made a significant recovery. Optimism for continued recovery however, is harder to find than a prime steak. Two factors are most often quoted . . . one is the tremendous drop in fed cattle inventories (those in the feedlot for more than a snack) was bound to be noticed by those restaurants and consumers used to buying high choice or prime meat and two, is that many consumers who were used to choice, aged beef have had their taste buds converted to grass fed light weights and as a result the demand for top grades will never be as great as earlier. Conclusion, things got a whole lot better for a little while but are beginning to level off. Hopefully the market will settle at a point suiting both the cattleman and the consumer, plenty of choice and prime cuts for the right price and plenty of grass fed or lightly finished cuts to help save a little.

Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

This Increase Is Bad . . . Up A Point . . . Screwworms Increasing . . . Sheep and Lamb Feeding Down But Increases . . . Just To Make It Official.

Agriculture is one of the most hazardous of all occupations, and this fact points up the necessity of constant vigilance against accidents. Texas Farm and Ranch Safety Week officially will be held July 25 to 31, but don't wait until then to practice farm and ranch safety.

It's a job that needs to be looked after every day and night of the year. In Texas in 1974, a total of 285 persons lost their lives due to farm and ranch accidents. This is a 33 per cent increase over the year before.

Accidents involving traffic were the largest cause of farm and ranch fatalities with 97. Next were tractors(34), drownings (34), firearms (24), fires and burns (21), falls (18), machinery (15), animals (13), electric current (10), and miscellaneous (19).

Now is the time to practice farm and ranch safety, not just during Farm and Ranch Safety Week, but every week throughout the year.

PARITY CREPT UP A POINT in June compared to a month ago. But looking at it from a year ago, you find parity down a point at 73. Some individual farm prices did show some increases during the month, especially hogs. But generally, farm commodities continue at below parity levels.

Cotton, for example, averages about 34 cents while parity is 77.86 cents per pound. When you are checking your price for grain sorghum this year, remember parity is $5.11 per hundredweight.

Calf prices were up slightly this June compared to a month ago averaging around 26 to 27 cents, but parity is 67.70 cents per pound. In poultry, eggs averaged slightly more than 52 cents a dozen while parity is 76 cents a dozen. Mohair is above parity, but wool at 70 cents compares with a parity price of $1.37 per pound.

SCREWWORMS ARE INCREASING throughout many areas of the state. Officials at the fly lab at Mission request livestock producers to check their livestock regularly, treat wounds on livestock with approved screwworm-control remedies, delay surgery on livestock as long as possible, and submit suspected samples of screwworms to the fly laboratory at Mission.

SHEEP AND LAMB FEEDING as of July 1 is down 35 per cent from a month ago, but it's not quite all that bad. Feeding is up 60 per cent from June 1 levels, the Texas Crop and Livestock Reporting Service notes.

Current intentions to market include 30,000 this month; 33,000 in August, and 12,000 in September. The August and September intentions are incomplete at this time.

IN CASE YOU MISSED IT earlier, here are the acreage estimates for major commodities for Texas:

Cotton, 4,550,000 acres, down 12 per cent from the 5,200,000 acres planted in 1974.

Sorghum, 8,000,000 acres, up seven per cent from the 7,500,000 acres planted in 1974.

Corn, 1,200,000 acres, an increase of 33 per cent from the 1974 acreage.

Wheat, 5,500,000 harvested acres, a 67 per cent increase compared to 1974. Wheat production in Texas this year is estimated to be 132,000,000 bushels, the largest on record.

Soybeans, 365,000 acres, a 33 per cent increase from 1974.

Rice, 555,000 acres, only about 10,000 acres less than 1974.

Peanuts, 310,000 acres, essentially the same as last year.

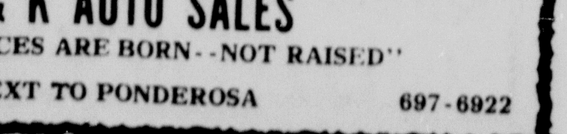
Abnormal Watermelon Season

AUSTIN--Short supplies brought on by poor weather conditions have caused watermelon prices to rise this summer.

"It has been an abnormal season for watermelon," said Agriculture Commissioner John C. White. "Harvest was late in the Lower Rio Grande Valley because of the drought there."

He added that melons in the Dilly-Pearsall area were hurt by hail.

White said the watermelon season had peaked and supplies were declining. He said prices probably would fluctuate between now and mid-August when the commercial season in Texas ends.



San Francisco's Golden Gate strait is believed to have been named by Sir Francis Drake.

Corrugated Steel culverts all sizes and lengths 6" to 120" in diameter up to 40' lengths. We deliver anywhere in Texas.

MRS. WILLIAM FRANK PERRIN

Couple Repeats Vows In Ceremony

Miss Ann Evelyn Arthur became the bride of Mr. William Frank Perrin in a double ring ceremony Saturday, August 2 at 7:30 p.m. at the First Baptist Church of Cameron.

The bride is the daughter of Mr. and Mrs. William F. Arthur of Cameron and the groom is the son of Mr. and Mrs. Frank W. Perrin also of Cameron.

Rev. James E. Lafferty officiated at the ceremony and nuptial music was furnished by Mrs. Phil Smith with Phil Smith as vocalist.

Given in marriage by her father, the bride chose a traditional gown of pure silk sheer and chantilly lace. The bodice of the gown featured a low, square cut neckline banded with lace and seed pearls. The short sleeves were fashioned of lace ruffles and the waistline was circled with a lace band with pearls. The bouffant skirt and train were ornamented by a wide ruffle of lace.

Her head piece of Swiss braid and lace held a waist-length veil of silk illusion and she carried a bouquet of English ivy, cushion mums, and baby's breath.

Mrs. David Barrett of Waco was her sister's matron of honor. Bridesmaids were Mrs. Douglas Marburger of Cameron and Miss Gwyn Chancey of Sherman. They wore pink floral halter dresses with matching sheer jackets, pink picture hats, and carried a single long-stemmed pink rose.

Harry Allen Perrin of Austin was his brother's best man. Groomsmen were Lano Cox of Austin and Charles Maddox of Austin. Ushers were Mark Perrin of Houston and Mike Perrin of Houston, brothers of the groom, Mark Hensley of Austin, and Ronald Richardson of Waco.

A reception in the church fellowship hall followed the ceremony. The bride's table featured a white satin cloth overlaid with lace and net. It held silver appointments and the four-tiered wedding cake. The centerpiece was a silver candelabra with an arrangement of minature varigated pink carnations, baby's breath, and white gladiolas.

Mrs. Louise Archer registered guests. Other members of the houseparty were Mrs. Mark Perrin of Houston, Mrs. Guy Dillon of Humble, Mrs. Mike Perrin of Houston, Mrs. Anita Wallace of Waco, Ms. Mary Ann Hurley of Austin, and Mrs. James Key of Old Ocean.

After a honeymoon trip to Colorado, the couple will be at home in Austin.

The bride is a graduate of Yoe High School and of Baylor University where she received her BS in Education. She teaches sixth grade in the Del Valle school system. The groom is attending the University of Texas at Austin working on his MBA. He is also a graduate of Yoe High School.

The rehearsal dinner was given by the groom's parents on Friday night at the Cameron Country Club. The bride and groom presented gifts to their attendants.

Birth

To Coach and Mrs. Max Wayne Graham of Cameron, a girl, Stephanie Elaine, 7 pounds 2 1/2 ounces, born July 30 at 3:05 a.m. st St. Edward Hospital. She was welcomed by a two-year - old brother, Greg. Grandparents are Mrs.Susie Skelton of Plano and Mrs. Agnes Ecklund, Sun City, Calif. Great grandmother is Mrs. Dotsie Skelton.

Two Students Win Awards

Students from Yoe High School have won two awards at the Sam Houston State University Communications Workshop held July 13-18 on the SHSU campus in Huntsville.

Workshop instructors and advisors judged the student entries in the areas of newspaper, yearbook, and photography.

Winners from Yoe High School are Anne Shelander, yearbook, second place, Activities section; and Yoe yearbook staff, first place, small staff yearbook dummy.

Yoe winners were in competition with over 200 students from 48 Texas high schools.

The Communications Workshop is an annual event sponsored by the SHSU journalism department.

Coffee Honors Bride-Elect

A coffee honoring Miss Sandra Elaine Cobb, bride-elect of Joseph John Vaculin III was held at the home of Mrs. Dan McDaniel on Wednesday morning, July 30. Co-hostesses were Mrs. Porter Young and Mrs. Calvin Cobb.

The serving table was centered with brass candelabra and held an arrangement of English ivy and white althea.

Honor guests were Mrs. Derwood Cobb, mother of the bride-to-be and Mrs. Joe Vaculin Jr., mother of the prospective groom. Also Mrs. Lois Gunn, grandmother of the bride-elect and Mrs. Joe F. Bartek, grandmother of the prospective groom.

Personal Mention

Those attending the Gurecky reunion at Ennis August 3 from Cameroninclu-ded Mr. and Mrs. M. T. Morris and Carroll, Mr. and Mrs. Brady James, Mrs. Emma Jean Ribar and Joey, John Gurecky III, Mrs. Felix Matula Sr., Miss Mary Matula, Guss Elley, Mrs. Theresa Thompson, and Mrs. F. J. Plachy.

Mr. and Mrs. B. F. Harbour of Rogers have just returned from a 16-day Scandinavian adventure. They went with a tour group from Dallas that included people from many other states. The group flew from Dallas to Amsterdam via New York, and boarded a bus there which toured North Germany, Holland, Denmark, Sweden and Norway.

The Harbours found Norway to be the prettiest country they have seen. The mountain driving was very exciting and the fjords are even more than they had heard. Copenhagen, Stockholm, Oslo, and many other cities and countrysides are full of historic buildings, castles, cathredrals, city halls, parliament buildings, and many others.

Colonial Nursing Home

A birthday party nonoring Mrs. Josie McCrory and Melvin Weems was held on July 8th. Hostesses for the party were ladies from the Abiding Savior Lutheran Church. Misses Karen Glaser, Jana Hause, Pamela Lange, who attended the Lutheran Church summer camp, sang several selections. The devotioanl; "Living Hopefully," was given by Mrs. Franklin Glaser. The birthday song was rendered by Mrs. Jack Laffere and Miss Lisa Lucko.

A cake with one candle was served to Mrs. McCrory and Mr. Weems. Cake and punch were served to all the residents of the home by Mrs. Laffere, Mrs. Frances Homerstad, Mrs. Bently Hause, Mrs. Glaser, Karen, Jana, Pameta and Lisa. Refreshments were furnished by Mrs. William Kelm, Mrs. Don Obermiller, Mrs. Laffere, Mrs. Monroe Fuchs, Mrs. John Eisfeldt, Mrs. Ben Hardie Bailey and Mrs. Marvin Haag.

Thursday, July 10 church service was delivered by Rev. Darryl Proffitt. He took his text from Psalms Chapter 33. "To Tell the Story" was rendered by Rev. Profitt.

Mrs. Denton House furnished the music.

Current events were presented by Mrs. Nelson Green, who brought us up to date on the Apollo-Soyus Mission. She showed unusual pictures of a cat name Smoky and a mocking bird who became good friends and are constant companions. She also read us an article about a couple and their collection of Ford cars. Seven in all, ranging from a Model T to a Mark IV.

Mrs. P. W. Davis and Mrs. Frances Stoebner of the Cameron Nursing Home attended the program as guests of Mrs. Green.

Rev. Stanley Vodicka visited in the home Thursday, July 17. He gave the church service for the day, reading from Psalms Chapter 19. The beautiful song "God Leads Us Alone" was rendered by Rev. Vodicka, accompanied by Mrs. Denton House.

Wednesday, July 23, a special service was held by Rev. Henry M. Weston and a visiting evangelist, the Rev. Marvin Weido.

Psalms 98 was read by Rev. Weston. Song service was lead by Mrs. Lucille Archer. A special "God Will Take Care of You" was rendered by Mrs. Archer, accompanied by Mrs. House.

Rev. Weido delivered the message with text from Matthew, Chapter 16, Verse 24.

After the services, many of our patients had a pleasant visit with Rev. Weido whom they remembered as a young man who grew up in Buckholts.

Microwave Ovens Can Save Energy

COLLEGE STATION

Microwave ovens can add energy conservation to their "plus" lists--but only if they cook for five people or fewer, one authority says.

"The microwave oven cooks most foods in about one-fourth the time of conventional ovens--and that means a significant cut in total energy consumption," Mrs. Lillian Chenoweth, family resource management specialist reported this week.

Translating that into numbers, this makes an average energy savings of 60-65 percent for a family of four, the specialist added.

Mrs. Chenoweth, a Texas Agricultural Extension Service, The Texas A&M University System, specialist, also said that microwave cooking most food quantities for a four-member family actually saves from 50-70 percent energy.

"Smaller portion sizes (cooking for one or two persons) makes the microwave oven an even greater energy saver.

"By contrast, for larger portions, the savings are less.

"In fact, for portions of six or more, the microwave oven offers little energy consumption advantage," she admitted.

Couple To Mark 42nd Anniversary

Mr. and Mrs. Charles Truman Williams of Caldwell will celebrate their 42nd wedding anniversary August 14.

Truman and Vera, now retired and living in Caldwell, were born and raised in Milano. They moved to Houston in 1942 and raised 11 children.

Truman retired from the United States Post Office for reasons of ill health after 24 years of service.

The couple has 17 grandchildren and 1 great granddaughter. They family will be celebrating at the lake in Somerville.

Lemon Can Be Beauty Treatment

COLLEGE STATION

The ordinary lemon can be a quick, easy, inexpensive beauty treatment, Marlene Odle, a clothing specialist with the Texas Agricultural Extension Service, suggested this week.

"A few drops of lemon in a favorite shampoo leaves hair shiny and squeaky.

"A fresh lemon squeezed into warm water is a great rinse for soap-dulled hair. Rinse thoroughly with clear water," the specialist said.

The lemon is a natural face astringent. Squeeze a fresh lemon into the rinse water for a fresh, tingling splash. Rinse with clear water.

Keep a lemon half near the sink to rub over hands after washing to help remove stains and food odors.

"Stick rough elbows in two halves of cut lemons to help whiten and get rid of dry, scaly skin. If lemons are at room temperature, they'll be juicier and more comfortable."

A wedge of fresh lemon rubbed on the skin will give a refreshing relief to tired feet. It helps soften and whiten while it soothes, she said.

This specialist suggested for a fresh clean smell and tingle all over, drop fresh lemon slices into a warm water bath.

Booster Club Sets Ice Cream Supper

The Yoeman Booster Club will have its annual ice cream supper to honor Yoe football players Friday, August 8 at the Methodist Fellowship Hall at 7:30 p.m.

Club President Leroy Doskocil invites all members and prospective members to attend and bring a freezer of homemade ice cream.

Porcelain Art Guild Sees Demonstration

The Cameron Porcelain Art Guild held its regular July meeting in the Business and Professional Women's club house with 12 members present.

Mrs. Narvie Caperton, club member artist, gave a demonstration on painting backgrounds. Refreshments were served to members.

Sets Commencement

Mary Hardin-Baylor College will award 48 degrees during summer commencement August 9. Commencement exercises will be at 10:30 a.m. in W. W. Walton Chapel.

Lieutenant General Robert M. Shoemaker, commander of the III Corp and Fort Hood, will be the commencement speaker.

PAMELA NEELEY

Pam Neeley Recital Set In City Church

Miss Pamela Neely will appear in a recital Sunday, August 17 at 2:30 p.m. in the First Baptist Church of Cameron. Miss Neeley will come to Cameron from New York, where she has been living and studying for the past seven years.

She is the daughter of Mr. and Mrs. Weldon Neeley of Cameron.

Miss Neeley is a 1965 graduate of Yoe High School, where she was in the band for four years, participated in tennis events and was a member of the Junior Historians.

The Junior Historians, under the guidance of Miss Ada Margaret Smith, are going to be assisting at the recital--ushering, handling logistics, the programs, and hostessing the reception afterward in the church fellowship hall.

The recital program will be mixed, she said, "Gershwin, Charles Ives, Purcell, Rossini, and a few surpirses."

Miss Neeley has professional comedy experience. The last show she did was "El Capitan," an operatta written by John Phillip Sousa. The tour included Connecticut, Philadelphia, and Washington, D.C. whereit appeared at Ford's Theatre.

District Supt. To Preach At Methodist Churches

Dr. Elza Love, newly appointed superintendent of the Bryan District Methodist churches will preach at the Tracey and First United Methodist churches this Sunday.

Dr. Love was born in Indianhoma, Oklahoma and has spent all of his ministry serving in the Texas Conference. His previous pastorates include Caldwell and Madisonville in the Bryan District. Districts over which Dr. Love has presided before are Texarkana and Houston South.

Dr. Love has visited mission stations in Central and South America and conducted preaching missions in Buenos Aires and Mar Del Plata, Argentina under the direction of the Board of Evangelism.

At a recent session of the Annual conference he was elected as one of ten ministerial delegates to the General Conference that will meet in Portland, Ore. in 1976.

DR. ELZA LOVE

Buckholts School Lists Meal, Free Milk Policy

Buckholts Independent School District today announced its policy for free meals and free milk for children unable to pay the price of meals and milk served under the National School Lunch and Special Milk Programs.

Local school officials have adopted the following family size income criteria for determining eligibility:

Family Size	Family Annual Income
1	$0-3,230
2	0-4,240
3	0-5,250
4	0-6,260
5	0-7,190
6	0-8,950
7	0-8,110
8	0-9,790
9	0-10,550
10	0-11,310
11	0-12,060
12	0-12,810

Each additional family member, $750.

Special Milk Program

We also certify that students who qualify for a free meal under this income scale will also be eligible to receive an additional one-half pint of milk free of charge.

Children from families whose income is at or below the levels shown are eligible for free meals and free milk. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all parents by students. Additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, they should contact the school.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin.

Under the provisions of the policy, the principal will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may make a request either orally in writing to the superintendent (ph. 593-2744) or a hearing to appeal the decision. The policy contains an outline of the hearing procedure.

The office of the superintendent has a copy of the complete policy which may be reviewed by any interested party.

Quarter Horse Show Set

The Mid-Texas Quarter Horse Breeders Association will sponsor its seventh annual registered quarter horse show Saturday, August 9, in the Belton Rodeo Arena. The show is approved by the American Quarter Horse Association.

The 1975 open show will include: 15 halter classes including a broodmare class; 12 performance classes including a new class of English pleasure; 4 youth activity classes; and one open jackpot barrel race.

In addition to the regular show, there will be classes in a Weanling and Yearling Halter Futurity, the only ones in the Central Texas area.

Trophies will be awarded to the Grand Champion Stallion, Grand Champion Mare, Grand Champion Gelding, and High Point Youth, in addition to ribbons through six places. A special award will be given to the High Point Mare in memory of Dr. Paul Bassel. It will be a beautiful 3-ft. $165 trophy by the Bassel family.

The show will start at 9 a.m. and there will be no admission charge. The public is invited to attend.

Until I became interested in sailing, I thought boats simply drifted with the wind. It hadn't occurred to me that few sailors would ever reach port in this manner.

And before I became earnest about church, I thought people's lives—their joys and disappointments, their achievements and failures—were largely a result of fate or fortune. Luck would long ago have replaced religion if this were true.

Now I know the thrill of sailing **into the wind.** Sure, tacking to port or starboard requires a zigzag course, and when your craft heels over at that precarious angle, it takes skill to control her. But that's part of the adventure—making headway against a strong wind.

Now, too, I know the thrill of believing in God . . . of setting a goal, of relying on His power, of devoting myself to reaching the destination. Making headway against adverse winds heels us over—but it's part of the adventure of being a Christian today.

AWARDS--In the Heart of Texas Boy Scout swim meet in Temple the Cameron troop entered in 7 events and took 3 first place ribbons. The young men also had 2 second places and 3 third places. Pictured are (l to r) David Delony, David Raymond, Brian Wilkinson, James Pair, and Lynn Roberts.

Sports Spotlight

By Forrest Guess

Cameron Little league, #1

The Cameron Little league is working hard for the state championship that is being held in Robinson this week. In the opener Allan Sapp came across as the winning hero when he took over the helm and won the game from the mound and from the batters box. Allan was the winning pitcher, and in the last inning, stepped to the plate to grab a two run homer.

The Little leaguers are playing Robinson the second round at the Robinson little league park.

The state finals is a double elimination tournament and in Monday night action: Kaufman defeated Killeen 5-4; Odessa defeated Canton 4-3; Robinson defeated Idalou 12-0; Cameron defeated Alpine 12-10.

****

Workouts to Begin

The sound of leather popping will soon fill the air when the Yoemen start the familiar 2-a-day workouts. After a summer filled with fun the hours spent on the practice field can seem rather numerous. Maybe with the thoughts of being state champions the burden of those hot days will be lessened.

****

Maybe or Maybe Not?

The Cameron school board found that the construction cost of the renovation of the gym facilities would exceed the expected $80,000.

It was somewhat of a shock to see the bids at nearly double that figure.

At present cost of a new gym without classroom space was estimated at around $500,000. Comparing that cost with the renovation cost, the project seems to be inexpensive.

I hope that this increase doesn't stop the badly needed repairs and renovation. Putting off the project in times of inflation will continue to make the project more expensive.

Without some repairs, soon, physical education, science classes and basketball might be conducted in the street. Surely not, but putting the matter off won't help the situation.

****

Pass defense always seemed to hurt the Cowboys but against the 49ers in a limited scrimmage, rookies Bob Breunig and Jim McKinney each intercepted 2 passes as the Cowboys defeated the 49ers 17-3.

A free agent, Jim Zorn connected on a 12 yard pass to enhance his hopes of making the cut as one of the quarterbacks. Roger Staubach had a tough day when he connected 3 of 14 pass attempts.

Tom Landry always picks a list of fine rookies and with the help pass defense maybe this will again be the year for the Cowboys.

Swimming Pool Safety

By Robert Waldvogel, P.E.

Swimming pools are making a big splash in America.

But, many pool owners are not quite in the swim on the question of safety. Here are some answers to how you can keep your swimming pool safe.

- Don't invite poolside injuries from slippery surfaces. Install a no-slip material around your pool.
- Don't be shocked by your swimming pool. Keep radios and other electrical equipment away from the water.
- Help avoid algae and most bacteria by sanitizing your pool on a regular schedule with HTH® Dry Chlorine from Olin.
- Keep your pool equipment in good working order. Periodically check your skimmers and pumps to insure proper filtering.
- Handle pool chemicals with care and be sure to follow directions listed on the label for proper handling and storage. Chlorine pool chemicals, like Olin's HTH Dry Chlorine, never should be mixed with anything but water.

Cameron LL Advances In State

The Cameron Little League team defeated Alpine 12-10 in the state playoffs in Robinson Monday night. Coming into the sixth inning the Cameron LL were tied 10-10 when Allan Sapp popped a two run homer over the center field fence.

The Cameron LL coached by Forrest Sapp and Olan Armstrong led in the first inning, 6-0. Johnny Hobbs cleaned the plate leading the Cameron hitting with 3 hits.

Alpine was held scoreless by Gary Vrazel until the third inning when they were able to squeeze in 5 runs.

The game was one of continuous hitting and the Cameron defense held Alpine until the sixth inning when they bounced into a 10-10 tie.

Allan Sapp was called to the mound in the sixth inning and closed out the inning. With one man on Allan Sapp went to the batter's box and tagged a winning home run slugger to advance Cameron to the second round of the state tournament.

At press-time Cameron is playing Robinson in the second round of the double elimination tournament that will extend through Friday. The results of the tournament will be in the Monday edition of the Herald.

Athletes To Be Given Physicals

Athletic director Ed Cauley announced that all junior high boys physicals will be given Tuesday August 12 at the Yoe High School Homemaking building. The boys are to report to the building at 5:30 Tuesday evening.

All girl athletes, junior high and high school, are to report to the homemaking building Tuesday, August 19 at 5:30 p.m.

Any person missing the scheduled physicals will be responsible for taking a physical at there own expense, Cauley added.

HERALD SPORTS

'UFO' Means A Safe Hunt

"UFO" could save your life this hunting season; not an unidentified flying object but "use fluorescent orange" clothing.

Hunter safety officials at the Texas Parks and Wildlife Department have compiled evidence which shows that fluorescent or hunter orange clothing reduces accidents, not by eliminating the problem but by making it more obvious.

In the past three years in Pennsylvania, not a single hunter wearing fluorescent orange has been injured by being mistaken for game.

In the same state, however, three hunters who wore yellow and 20 hunters clad in red were shot.

Pennsylvania hunters who wore drab or camouflage clothing had the worst record --43 were injured in the three-year period.

Massachusetts was the state to adopt fluorescent orange for big game hunting and today at least 14 other states have laws which require hunters to wear varying amounts of the colored clothing. Last year another 18 states had similar laws before their legislature for consideration

Blaze or fluorescent orange is the only color which is detected by persons with varying degrees of color vision deficiency.

Tests conducted by vision experts in the U. S. have found that some eight percent of the male population is affected by color blindness.

Fluorescent orange is completely out of place in nature and it is immediately apparent.

Fluorescents are the most brilliant during the accident-prone hours of dawn and dusk or when heavy shadows destroy much of the available light.

A standard yellow can be seen as gray and white at certain hours of the day, particularly just as the sun rises or sets. And yellow does not stand out at all when seen by a hunter wearing yellow or amber shooting glasses.

A common objection of hunters to blaze orange clothing is glare. Some of the first caps, vests and jackets made of hunter orange were of a slick material which produced a glare that warned game of a hunter's presence.

New, softer fabrics are used now which reflect little glare but still are highly visible.

Fixups Fantastic

Remodeling and do-it-yourself outlays this year will equal the cost of one million new homes, says one market analyst. The estimated figure for either is $30 billion.

Two-A-Day's Start Aug. 11

Two-a-day workouts will begin August 11 for the Cameron Yoemen who have been touted as the state best in AA football. The pads will be issued and workouts are to begin at 8 a.m. for the varsity and junior varsity.

Coach Ed Cauley said, "All varsity and junior varsity players are to be suited out and on the field at 8 a.m. Monday. The freshman squad will be expected on the field once a day from 5-6:30 p.m."

"The varsity workouts will last from 8-9:30 a.m. and then will return for the second workout from 6:30-8 p.m.", Cauley added.

The junior high football players will not report to workouts until the first day of school according to Coach Cauley.

There will be an ice cream supper for all football players at the Methodist Fellowship Hall on Friday, August 8 at 7:30 p.m.

We deal with two types of energy:

1. HUMAN

Many businesses and industries are moving into this region from other parts of the country. They've found that we have a willing work force, a sensible tax structure, favorable weather and adequate energy sources.

New industries don't just move into your town by accident. Sometimes years of personal contacts by your Chamber of Commerce industrial team and the industrial development experts at Lone Star Gas are carried on before the final decision is reached to relocate in your town.

Your Chamber's industrial team, aided by the state, county and utility teams, study the area to make sure the right industry is matched with the right plant site location.

A new business or industry helps your town's economy by providing new jobs and by adding tax dollars for schools and hospitals and other community services.

So when you hear about a new industry moving into your town, call your Chamber of Commerce and thank them for another job well done.

2. NATURAL

To our customers, Lone Star is "the gas company." We serve over one million customers in about 400 cities and towns in Texas. That's a lot of customers . . . and a lot of responsibility. People depend on Lone Star Gas to have the available natural gas energy whenever and wherever they need it. And we've provided that energy for over 60 years through investments in pipelines, compressor stations and the purchase of new, more expensive gas supplies.

Natural gas produced in the United States provides over ONE-HALF of this country's industrial energy requirements. And the availability of adequate natural gas energy is one of the primary reasons that more and more businesses and industries are moving into this part of the country.

Lone Star Gas is committed to helping your town attract and keep industries that can provide jobs and help the economy. It's just good business for all of us.

Lone Star Gas
The clean energy company

A NEW SERIES AVAILABLE FOR YOU AT
THE CITIZENS
INDIVIDUAL RETIREMENT ACCOUNT

An Individual Retirement Account is a personal Tax-Sheltered retirement plan developed by Congress to help workers not covered by any other pension program. Let The Citizens show you how you can set up your own individual retirement program. The new law stipulates that you can put aside up to

$1,500

annually, 100% tax deductible, with no tax due until retirement

Can you establish an IRA?
IRA's are available to any wage-earner. The only requirement is that you not currently be a participant in any other retirement plan.

Can your spouse also establish one?
Yes. Working spouses may establish a separate IRA, too, provided they are not currently a participant in a plan sponsored by their own employers.

How much can you contribute to your IRA?
Federal law allows a maximum annual contribution of $1,500 or 15% of wages, whichever is less. Of course, you can contribute smaller amounts each year.

Are your contributions tax deductible?
Yes. For Federal income tax purposes, your contributions to an IRA are fully deductible from gross income up to the maximum allowed by law. Contributions can be deducted even though you don't itemize deductions.

Do you pay tax on the income earned by your account?
The earnings of your account are not currently taxable. Each dollar of earnings produces additional dollars which also escape currant income taxation. This tax-free compounding continues until retirement

KEOGH PLAN

The new Keogh Plan enables self-employed persons to contribute up to $7,500 annually in a 100% tax deductible retirement program with no tax due until retirement. Ask The Citizens for complete details.

New Store Sets Grand Opening

Perry's will have its grand opening in Cameron Thursdy (today) in the location of the former Leader and Ben Franklin buildings. A complete renovation has been done on the buildings, with new ceilings, carpeted floor, and other improvements.

Manager of the new store is Johnny Bell, who with his wife, Betsy, and children Johnny Wayne, 4, and Angie, 2, have moved to Cameron and are planning to make their home here. They moved here from Stephenville.

JOHNNY BELL
Perry's Manager

Perry's has 120 operating units which grew from a beginning store of 25 x 70 feet "nickle" store in Center. In the years following, stores were opened in Lufkin, Carthage, Nacogdoches, and Navasota. The first goal of the five Perry brothers was to have a store for each. The goal was reached in 1918 and the company operated as a partnership.

From the start, Perry Brothers believed their investments in new or additional stores should be made in small towns. Follwoing this policy, early expansion was made throughout East Texas.

The firm survived the Great Depression, World War II, increased taxes on both the state and federal level, and federal price controls.

Perry's expansion program began anew in 1945. It opened new stores in new locations and increased the size of most of its existing stores.

Perry's growth during the 1940s, 1950s, and early 1960s was largely in the West Texas area and the Texas and Louisiana Gulf coast area. During the late 1960s major emphasis was concentrated on enlargement, modernization, and relocation of existing stores, as well as closing unprofitable units.

Perry's home office is located in Lufkin, where it had its beginning. Lufkin also houses the Perry's warehouse which serves all 120 stores. The firm maintains a fleet of delivery trucks.

Wood Beams Outdo Steel In Big Fires

Are wood timbers safer than steel beams in a building fire? Firemen say they'd rather fight flames on or under wood beams.

Heated steel expands, pushing out walls, and sags. Wood burns and chars, and the char slows further burning. It retains rigidity, and breaks only after its cross-section is sharply reduced.

A California race track fire once yielded the incongruous sight of charred wood beams supporting collapsed metal girders.

Rep. Kubiak Supports Ag Bills

The July issue of Texas Farmers Union News indicates that Rockdale Rep. Dan Kubiak racked up a perfect voting record on issues of importance to Texas agriculture.

Kubiak supported each of four major pieces of legislation favored by the Farmers Union, including a state strip mining law, a health maintenance organization bill, creation of a public utility commission, and a bill guaranteeing that agricultural land will be taxed on productive rather than real estate value.

"All of these bills are important to every Texan, not just those involved in agriculture," Kubiak said. "With the continued work of organizations like the Farmers Union, I am hopeful that future legislatures will approve a larger amoung of citizen-oriented bills that serve no special interest."

Commission Urges Museum Funding

The resolution notes that the Memorial Museum, located on the UT-Austin campus, has provided indispensible resources for the University and in this role has served as an instrument of the educational process itself.

Members of the Texas Historical Commission passed a resolution urging the University of Texas Board of Regents to continue funding of the Texas Memorial Museum at its present level.

The resolution was passed during the Commission's regular quarterly meeting held at Lakeway, July 11.

Sharp-Tracy Friendship

By Mrs. Leroy Guillote

Mrs. Bernice Kraatz passed away and was buried Friday in the Sharp Cemetery. Mrs. Kraatz had lived all but the last twelve years of her life in the Sharp area. She was the mother of Mrs. Bill Roesler.

Mr. and Mrs. Nelson Davis Dan Davis, Mrs. Ruth Price and her grandson, Cris Allen of Dallas spent the week-end in their cabin on Magnolia Beach.

Mrs. Davis has been helping her sister, Mrs. Price, move from San Antonio to Cameron, where Mrs. Price will teach in the Cameron School.

Wednesday guests of Mr. and Mrs. J. D. Pope were Mr. and Mrs. George Graham of Bakersfield, California. Mr. Graham had attended the Sharp and Friendship Schools years ago.

Miss Peggy Brockenbush of Edna, Charles Ray and Becky Locke of Crosby spent the week-end with Mr. and Mrs. Emory Brockenbush.

Mr. Ed Fowler and daughter, Francis Cunningham, and Cathy Collier, all of Dallas and Mrs. Minnie Lee Collier of Friendship visited Tuesday afternoon with Miss Agnes Rinn.

Mr. and Mrs. R.J..Gunter of Alta Loma spent three days with Mr. and Mrs. H.J. Ellender. Their daughter, miss Linda Ellender of Oklahoma, City spent the week-end with them.

Mr. and Mrs. J.D. Pope spent the week-end in Austin with Mr. and Mrs. John Dewey Pope and Mellisa.

Mr. and Mrs. John Guillote annouce the arrival of a new daughter, Jenra. She was also greeted by sister Claudia and brother James Madison. Grandparents are Mr. and Mrs. Leroy Guillote and Mr. J. W. Pope of Temple. John is stationed aboard the USS Robert H. McCard DD, home ported in Tampa, Fla.

Mrs. Richard Guillote of Fairfield and Mrs. Leroy Guillote attended a bridal shower honoring Mrs. Richard Guillote which was held Saturday night in Mrs. Joe Rasco's home in Rockdale.

Mrs. Nelson Davis accompanied Mrs. Irene Wydell home to Mayesville, S. C. for several days vacation in South Carolina. Mrs. Wydell had been visiting with her parents, Mr. and Mrs. Ross McQuary.

Tuesday visitors of Mrs Alice Rhodes were Malcome and Vera Walker.

Guests in Mrs. Minnie Lee Collier's home this week were Jim Collier, Cathy Collier, Ed Fowler, and Frances Cunningham.

Front Court Livens Home

Post-war dream houses and thousands of tract homes built since then share a common problem — what to do with look-alike, out-of-date exteriors.

A favorite of the 1940s was the stodgy Cape Cod with a setback one-car garage. Extending the roof gives a lower, sleeker line, and a carport tied to the roof adds parking in front of the crowded garage.

A decked front courtyard enclosed by a screen of western wood can improve the bland design of many tract homes, and often can include a storage unit for garden equipment.

The flat, boxy look of an older two-story house can be relieved by replacing the usually small entry enclosure with a pitched-roof carport-entryway, linked with a tall privacy fence across the front of the house.

Many typical subdivision ranch houses can lose their plain faces with addition of a new room, screens and arbors along the front.

Mrs. Pearl Satterwnite has returned home after visiting in El Campo with her daughter, Mrs. Edith Norton. Her granddaughter, Christy Norton, is spending this week with her grandmother.

Mr. and Mrs. W. H. Walker visited with Mr. and Mrs. Felix Brown.

Mr. Herman Clendennon is spending the week withhis daughter, Mrs. Lawrence Marshall in Hempstead.

Recent guests of Mrs. Pearl Satterwhite were Mrs. Clyde Lawless, Mrs. Betty Jane Penecost, Edith Norton, Angielas,Mr. and Mrs. Maleon Walker, and Mrs. Cecil Harris.

Mr. and Mrs. ernest Hodge were guests of Mr. and Mrs. George Yarborough.

Gause

By Mrs. Wanda Lee

Mr. and Mrs. G. R. Varner and Mr. and Mrs. W. L. Ditto recently spent several days in Commanche where they were guests of Mr. and Mrs. Billy Works, and in De-Leon with Mr. and Mrs. Floyd Anderson and children. They fished at Lake Proctor.

Mrs. Harry Alexander and children of Houston spent the day Wednesday with Mr. and Mrs. H. B. Alexander and Margie. On Saturday the Alexanders visited in Rockdale with her sister, Mrs. Ed Jones and family.

Mrs. Anna Mae Ely spent the weekend in Bryan babysitting with her grandchildren, Denice and Chris Ely, children of Dennis and Judy Ely.

Mrs. Jimmy Johnson, Dawn, and Tony of Pearland spent the weekend here with Mr. and Mrs. Bill Cunningham.

Mr. and Mrs. J. T. Todd joined their children Mr. and Mrs. Travis Neely and twins of San Juan at the Neelys country home in Plantersville for a couple days visit this past week.

Mrs. Ray Cass and Renee and her mother, Mrs. Margie Crouch, were in Houston the latter part of the week to attend the wedding of Mrs. Crouch's other daughter, Linda Grigory to Alton Wells on Friday night, August 1 at the North Central Baptist Church in Houston.

Friday visitors with Mr and Mrs. J. A. Young were her nephew, Mr. and Mrs. Joe D. Egleson and baby of Channelview.

Mr. and Mrs. Koye Cass visited with Mr. and Mrs. Jess Stracener at Cedar Creek Sunday evening.

Mr. and Mrs. Alfred Coats, Sherri, Ray, and Kevin and Cheryl Slay visited in Lubbock and Morton with relatives and then on to a vacation in Ruidosa, N. M. this past week.

Mrs. Mildred Ely and Mrs. Johnny Nigliazzo were in Marlin on Friday where they attended the funeral of Mrs. Ely's sister, Mrs. Guy Odgen.

From Buckholts

By Mrs. Edwin Gandy

We are glad to welcome a new family to Buckholts--Mr. and Mrs. Edward Hill and son of Rogers. They are moving on the Travis Hill farm.

Visiting with Mr. and Mrs. O. W. Whittington on Sunday were their son-in-law, Roger Williamson and children of Cameron, and his mother Mrs. Williamson of San Marcos.

Mr. and Mrs. Richard Ruzicka and family of Houston spent several days here in their country home.

Mr. and Mrs. Johnny Morgan and children, Mr. and Mrs. Ladis Marek and Billy spent Wednesday night in Houston visiting Mr. and Mrs. John Semik.

Billy Marek is spending the week in Houston with his uncle and aunt, Mr. and Mrs. John Semik.

Mr. and Mrs. Douglas Williams and Monte left Saturday for Colorado where the will spend a week's vacation.

Visiting with Mr. and Mrs. Nealon Peeler this weekend were their grandchildren, Larry and Lisa Peeler of Brvan. Their parents, Mr. and Mrs. Edwin Peeler, came Sunday afternoon and picked them up.

Eldon Price of Fort Worth is spending the week with his sisters, Mrs.Florene Baker and Mrs. Joe Fisher of Cameron.

Visiting on Sunday with Mrs. Paul Sakewitz and Leslie were the Arthur Cross family of Belton and Mrs. Pauline Friemel of Cameron.

Mrs. Joe C. James and Kenneth of San Antonio and her father, Mr. W. H. Gilbert of Cameron, visited in Buckholts on Monday afternoon.

Calvin AllisonJr., who is employed in Houston, was home over the weekend with his parents, Mr. and Mrs. Calvin Allison.

Colleen Allison has returned home after spending several weeks with her aunt and uncle, Mr. and Mrs. Melvin Malovets near Sugarland.

Mrs. Leo Ironboy and children are visiting her husband who is in the service and stationed at Ft. Smith, Ark.

Burlington

By Mrs. Gerald Foshea

August Helpert is home and doing fine after having surgery at St. Edward Hospital several weeks ago.

Mrs. Gerald Foshea, Mrs. Thomas Polk, Darrell, and Donald of Rosebud spent last week with Mrs. Betty Ralston, Bobby, and Carla of Waco.

Mrs. Herman Juergens of Ben Arnold entertained the 42 club on Tues. afternoon.

Mr. and Mrs. Tom J. White of Houston visited Mrs. Aleta Marek and other relatives and Mrs. Leona G. White at Colonial Nursing Home in Cameron. They had a fish supper with Mr. and Mrs. W. G. Marek and Charles.

Mr. and Mrs. Roy Lee Franklin of Bryan, Mr. and Mrs.Tommy Layne and boys of Rosebud, and Mrs. Robert McCollum of Waco visited Mrs. J. T. Prescott and Jake during the weekend.

Mrs. Herman Dorner Sr., Mr. and Mrs. Lee Roy Folschinsky, and Mrs. Bill Becker of Ben Arnold attended the funeral of a cousin, C. O. Tuehe at Brenham on Sun., August 3.

Mr. and Mrs. Herman Dorner Jr. and Yvonne and Mr. and Mrs. M. D. Swanzy of Rosebud attended the wedding of a nephew and grandson, Don Swanzy and Miss Linda Wiecht at St. Benedict Catholic Church of Houston on Sat. even., Aug. 2.

Mr. and Mrs. Gerald Foshea and Mr. and Mrs. Henry Davenport visited Mr. and Mrs. Willie Adams of Rosebud Sat. night.

Mr. and Mrs. Arthur Davenport of Cameron visited Mr. and Mrs. Henry Davenport last Tues. night.

Mrs. Jerry Huffer, Jennifer, and Jacqueline of Temple visited her parents, Mr. and Mrs. Walton Warchak, Rose, and Jeanette during the weekend.

Mark Fitzgerald of Kansas City arrived on Sun. to spend the week with his grandparents, Mr. and Mrs. H. J. Litzman Sr.

Maysfield

By Mrs. J. P. Wise

Mrs. Lanette Vrana of Houston and her mother, Mrs. Leota Thweatt, vacationed in Mexico last weekend.

Mrs. Jess Weathers is visiting her children, Mr. and Mrs. Joe Harris and family and Mr. and Mrs. J. C. Weathers in Oklahoma City.

Mr. and Mrs. Pat Gleason and daughter of St. Louis and Mr. and Mrs. Tommy Gleason and daughters of Houston visited their mother, Mrs. Doris Gleason, last week.

Mrs. Carl Ireland and Mrs. Ruby Massengale visited Mrs. J. P. Wise Sunday afternoon.

Steve Thweatt spent the weekend with friends in San Marcos.

Cdr. and Mrs. R. K. Reider of Atlanta, Ga. attended the funeral of her brother Bill Wise in Angleton Tuesday and spent the week with her moher, Mrs. J. P. Wise.

Mr. and Mrs. Bob Yates of Elgin visited his parents, Mr. and Mrs. Johnny Yates Sunday.

Finch

Marine Lance Corporal Douglas W. Finch, son of Mr. and Mrs. Elbert Finch of Rt. 3, Rockdale, has reported for duty at the Marine Corps Air Station, Beaufort, S.C.

A 1972 graduate of Rockdale High School, he joined the Marines in November 1973.

FOUR REASONS
WHY YOUR STORE

SHOULD USE NEWSPAPER ADVERTISING!

1. Newspapers "Zero In" on your customers
2. Newspapers get immediate action
3. Newspapers offer selling flexibility
4. Newspaper Advertising produces sales

THERE ARE APPROXIMATELY 1758 DAILY AND SUNDAY NEWSPAPERS (62 MILLION COPIES) PRINTED IN THE U. S. EVERY DAY. NEWSPAPERS ARE READ BY 78% OF THE U. S. POPULATION (18 YEARS AND OLDER).

NEWSPAPERS REACH ALL SOCIO-ECONOMIC GROUPS. WHATEVER YOUR STORE NEEDS . . . SPECIFIC GROUPS, SPECIFIC INTERESTS, SPECIFIC GEOGRAPHIC AREAS, YOUR LOCAL NEWSPAPER CAN DELIVER. NEWSPAPERS OFFER "AT ONCE" OPPORTUNITIES AND READERS REACT.

BEST OF ALL, NEWSPAPER ADVERTISING PRODUCES SALES. THEY COST FAR LESS THAN ANY OTHER MEDIUM ON A COST PER THOUSAND BASIS. AND THEY PRODUCE RESULTS YOU CAN SEE.

Help Wanted

Have you come to a standstill at your present position/or would you like to learn the selling profession?
My company has immediate openings for 2 people. Actually we are looking for the under-employed person or the person seeking more security. We have a complete 8 week on-the-job training program, and there is no need to relocate. A management position available. My company has been in Texas for 85 years, and, while other companies are cutting back, we are expanding.
Not seasonal work--fulltime employment and a great opportunity. If you are interested enough to visit with me in your local area, send your name, address, and phone number to Larry Holloway, 5924 Royal Lane, Suite 170, Dallas, Texas 75230

WHAT DO YOU HAVE TO LOSE?

FANCY THAT
OFFICIALLY ADOPTED BY THE U.S. ARMY IN 1866, THE GATLING GUN-- A MACHINE GUN WITH ROTATING MULTIPLE BARRELS- IS CREDITED WITH REVOLUTIONIZING THE NATURE OF RAPID-FIRE WEAPONS
IN TODAY'S ARMY, THE INFLUENCE OF THE GATLING GUN IS STILL APPARENT. THE VULCAN CANNON IS BASED ON THE GATLING-GUN CONCEPT, BUT HAS THE ABILITY TO FIRE SOME 3000 ROUNDS OF AMMUNITION A MINUTE! THE GUN IS USED IN AIR DEFENSE. THOSE WHO QUALIFY AS VULCAN CREWMEN CAN EARN BIG CASH BONUSES!

A blunt nail point gives good holding power with the least splitting.
